

# DID YOU KNOW ...

*Your Benchmark system has the capability to incorporate barcodes for inventory?*

## Bar Code Scanner

Convenient, accurate system to track and count parts. Fully integrated with Benchmark CMMS to provide current spare parts information and status. System includes:

- Portable, hand-held bar code scanner
- Spare parts label printer
- Software module integrating scanner/printer with Benchmark database

Let *US* help *YOU* manage your inventory. Give our experts at AGM a call today!!

## Label Printer
